### How risky is it?

The value of the Fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a Fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

### Risk rating

NCM Asset Management Ltd. has rated the volatility of this Fund as **medium**.

This rating is based on how much the Fund's returns have changed from year to year. It doesn't tell you how volatile the Fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the Fund's return, see the Risk section of the Fund's simplified prospectus.

**No guarantees**

Like most mutual funds, this Fund doesn't have any guarantees. You may not get back the amount of money you invest.

**How has the Fund performed?**

This section tells you how the Series FF Units of the Fund have performed over the past 2 calendar years. Returns are after expenses have been deducted. These expenses reduce the Fund's return.

**Year-by-year returns**

This chart shows how the Series FF Units of the Fund have performed over each of the past 2 calendar years. The Series decreased in value in 0 of the last 2 calendar years. The range of returns and change from year to year can help you assess how risky the Fund has been in the past. It does not tell you how the Fund will perform in the future.

**Best and worst 3-month returns**

This table shows the best and worst returns for the Series FF Units of the Fund in a 3-month period over the past 2 calendar years, and from January 1, 2025 to March 31, 2025. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

	Return	3 months ending	If you invested \$1,000 at the beginning of the period
<b>Best return</b>	10.9%	November 30, 2024	Your investment would rise to \$1,109
<b>Worst return</b>	-4.6%	October 31, 2023	Your investment would drop to \$954

**Average return**

As at March 31, 2025, a person who invested \$1,000 in the Fund at its inception now has \$1,299. This works out to an annual compound return of 9.6%.

**Who is this Fund for?**

This Fund is suitable for investors who:

- Wish to invest in all market capitalization equities
- Want the potential for long term capital appreciation
- Are comfortable with medium investment risk (i.e. can tolerate volatility in the market value of your investment)
- Are looking for a monthly distribution
- Are enrolled in a fee-for-service or wrap account program

**A word about tax**

In general, you'll have to pay income tax on any money you make on the Fund. How much you pay depends on the tax laws where you live and whether or not you hold the Fund in a registered plan such as a Registered Retirement Savings Plan, or a Tax-Free Savings Account.

Keep in mind that if you hold your Fund in a non-registered account, distributions are included in your taxable income, whether you get them in cash or have them reinvested.

### How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Series FF Units of the Fund. The fees and expenses – including any commissions – can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

#### 1. Sales charges

No sales charges or commissions are applicable to this series of the Fund.

#### 2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the Fund's returns. As of September 30, 2024, the Fund's expenses were 1.56% of its value. This equals \$15.60 for every \$1,000 invested.

	Annual rate (as a % of the Fund's value)
<b>Management Expense Ratio (MER)</b> This is the total of the Fund's management fee and operating expenses.	1.39%
<b>Trading Expense Ratio (TER)</b> These are the Fund's trading costs.	0.17%
<b>Fund Expenses</b>	<b>1.56%</b>

#### More about the trailing commission

There is no trailing commission paid by the Fund or the Manager to your representative's firm for Series FF Units of the Fund.

#### 3. Other fees

You may have to pay other fees when you buy, hold, sell or switch units of the Fund.

Fee	What you pay
<b>Short-term redemption fee</b>	2% of the cost of the units you redeem within 30 days of the original date of purchase. This fee is charged by the Manager.
<b>Switch fee</b>	Your representative's firm may charge you a fee if you switch to another series of the Fund or to another Fund within the NCM Group of Funds.
<b>Fee-for-service program</b>	Series FF Units are intended for investors who are participants in a fee-for-service or wrap account program sponsored by certain securities dealers. You pay a fee to your representative's firm to participate in such a program.
