**Re: Norrep Short Duration 2014 Flow-Through LP - Final Tax Reporting Package**

Dear Limited Partner,

Please find enclosed your final tax reporting package for your investment in the Norrep Short Duration 2014 Flow-Through Limited Partnership ("Partnership"). The following documents are included:

1. 2015 T5013 slips – Statement of Partnership Income
2. Schedule of Amortization of Issue Costs
3. Schedule of Adjusted Cost Base (ACB)

**Please retain the Schedule of Amortization of Issue Costs for use in preparing your tax returns in future years.**

On March 26, 2015, the Partnership transferred all of its assets on a tax-deferred basis to Norrep Opportunities Corp. in exchange for shares of the Norrep Energy Class mutual fund. Limited Partners received approximately 0.3579 Norrep Energy Class share for each Partnership Unit. The adjusted cost base of the Norrep Energy Class shares distributed to investors is \$6.15 per share.

Please refer to the attached 2015 T5013 slips when completing your 2015 income tax return.

In addition, the previously provided 2014 T5013 slips contains certain balances (Canadian Exploration Expenses, "CEE", and Canadian Development Expenses, "CDE") that can be deductible in 2014 and subsequent years. Any CEE and CDE balances not deducted in 2014 should be carried forward to the 2015 taxation year and claimed in your annual income tax returns until fully deducted.

Norrep Energy Class invests primarily in the shares of Canadian small, mid, and large capitalization energy companies. For more information on the Norrep Energy Class, please refer to our website at [www.norrep.com](http://www.norrep.com) or call us toll free at (877) 431-1407.
